A UNIQUE HUNTING EXPERIENCE

ARGENTINA

Hunting in Argentina is, without a shadow of doubt, one of the most passionate experiences in the world.

- Big game hunting and wingshooting -

With all types of topography and regions enclosed in the country with differing climates, Argentina offers not only volume hunting but fair chase opportunities at serious record book trophies. We offer you not only quality but also a wide variety and large quantity of species.

We are a family company and our main priority is to make you feel at home. As we own the land and we manage the entire operation, we are fully committed to giving you the best service and personalized attention you expect. That is why we are committed to offer you a Unique Hunting experience.

Our operation is located in 3 different regions where we are able to offer Big Game Hunting and Wingshooting from the same lodge and also the possibility to combine with fly fishing programs like the brave and beautiful trout in Patagonia or the majestic Golden Dorado in the Litoral región.

Our land is inhabited by highly sporting native and non-native species that have been brought to the country from all over the world. There are large quantities of trophies living together in one place like nowhere else in the world and we also have a larger population of Doves and Ducks that makes Argentina a bird shooter paradise.

- Location -

SOUTHERN LODGES

ARGENTINA

The most common way to reach Argentina is on an overnight flight from the United States landing in Buenos Aires the following morning.

Foreign hunters have at their disposal all kinds of direct flights to our country. Flights coming from USA and Europe generally arrive very early in the morning and depart in the evening. Many airlines service daily direct flights from America: United from Washington DC, Continental from Houston, Delta from Atlanta and American Airlines from Dallas and Miami.

Hunters have to buy their airline tickets with final destination to the city of Buenos Aires, capital of the Argentine Republic. The arrival and departure flights -from and to the country of origin- take place at Ministro Pistarini International Airport of Buenos Aires, located in Ezeiza, few kilometers far from the city of Buenos Aires and linked to it by a freeway which guarantees a delay of no more than 30 minutes from the airport to downtown.

A photograph of a herd of water buffaloes in a savanna landscape. The central focus is a buffalo with large, thick, curved horns, looking directly at the camera. It is surrounded by other buffaloes, some partially visible behind it. The ground is covered in tall, dry, yellowish-brown grasses, with some green grass visible in the foreground. The background shows more of the savanna with scattered trees and bushes under a bright sky.

Southern Lodges is committed to the idea that the best advertisement is by word of mouth of our satisfied clients.

- A Unique Hunting Experience -

WHY HUNT WITH US

From the moment we pick you up at the airport, we promise to make your trip to Argentina a safe, incredible and unforgettable experience.

At Southern Lodges, our team provides excellent service in and outside the Lodge. Our guides and trackers will ensure the ultimate outdoor experience while our team of chefs, waiters and housekeepers will take care of the rest. From the moment we pick you up at the airport, we promise to make your trip to Argentina a safe, incredible and unforgettable experience.

Over the years, the demands of our customers have evolved and so we are constantly reevaluating our operations which include the game, the hunting grounds, and the services provided by our lodges and staff. A sportsman knows a successful trip is more than a collection of trophies, it is

also an enjoyable experience in the field and camaraderie with friends and family. The chase and the challenge of the unknown and dealing with changing conditions are just some of the features that draw us to the sport.

Our team of professionals is dedicated to giving our clients absolute customer satisfaction and we ensure high success rates with top-notch equipment, with an experienced and hard working team. We appreciate your interest in our operation and look forward to serving you this season on your next Argentinean adventure. Southern Lodges is committed to the idea that the best advertisement is by word of mouth of our satisfied clients.

The Hunting is
Free Range where
we can guarantee
great Red Stag
trophies of a 320
SCI pts average.

- La Pampa -

EL AGUARA LODGE

Argentina is considered as one of the most important worldwide destinations for cinegetic tourism for the American and European market.

La Pampa Province is a natural habitat for Red Stag, Fallow Deer, Axis Deer, Mouflon, Blackbucks and Water Buffalo, and more than 12 hunting species.

In “El Aguara Lodge” the Hunting operation is Free Range where we can guarantee great Red Stag trophies of a 320 SCI pts average. Many of the trophies hunted in our lodge were included in the SCI Record book.

Our lodges are the typical Argentinean “Estancias” where the “gauchos” and our tradition is combined with the atmosphere of a hunting lodge. Estancia “El Aguara” is a 36.000 acre

agricultural and stockbreeding farm that combines flat areas, forests, low hills and an incredibly challenging landscape that any hunter would love to face. We also have different programs for the family and non-hunters.

The Lodge can accommodate up to 6 hunters at the same time in comfortable suites with personalized service.

The meals at the lodge are specially prepared by the Estancia staff, and they always include a wonderful display of local ingredients such as deer ham, wild boar ham, grilled lamb, and of course the traditional Argentine asados.

LOCATION

La Pampa Province, in Central Argentina, 140 miles Northwest from Bahía Blanca Airport.

DRIVING TIME

2:30 minutes drive from Bahía Blanca Airport.

ACCOMMODATIONS

SEASON

Year - round

Thank you so much for hosting me at “El Aguara”. The hunting, food and people were amazing. Thank you for making my trip to Argentina one that I will never forget. I hope you will come to see me in Texas, you are welcome anytime. Su amigo siempre!

Howard Morrison
Texas, USA

EL AGUARA WINGSHOOTING

Argentina has become one of the best destinations in the World for wingshooting and waterfowl hunting. That is why every wing shooter in the World has to come at least once to Argentina to experience this outstanding wingshooting experience!

We have one of the largest population of doves in the entire world. The species we hunt here is the eared dove. The huge grey clouds of doves cover the fields. In La Pampa we have more than 20,000,000 doves. From this Lodge you will have the chance to combine your Dove, Pigeon or Partridge shooting program with the best Big Game Hunting all from the same lodge!

Shooting is excellent all year round. Each day affords six to seven hours of good, steady shooting. An average of 3 cases of shells per day per shooter is the daily norm, Even though shooting is superb all year round, records show mid-September through early April has produced the best shooting. During our spring, doves concentrate in huge numbers when farmers begin harvesting the winter wheat, but there is plenty of food for the doves even during our winter months.

SEASON

Doves and Pigeon
Year – round

Partridge,
May 1 to July 31

Thank you so much for the gracious hospitality shown to my family by you and your staff. The hunting was superb and the food and drink were without parallel. We had a wonderful time and the memories will be with us always. Adios amigo!!

Chad Lydick
New Mexico, USA

A herd of deer is captured in motion, running across a vast, open landscape. The foreground and middle ground are dominated by tall, golden-brown grasses. In the background, a rugged, rocky hillside rises, its surface a mix of brown, tan, and grey tones, suggesting a high-altitude or semi-arid environment. The lighting is warm, casting soft shadows and highlighting the textures of the grass and the fur of the deer. A semi-transparent dark box on the left side of the image contains white text.

In the heart of the Sierras de la Ventana region lies “Cerro Las Tunas Lodge”, peacefully nestled within 70 acres of majestic gardens.

- Buenos Aires -

CERRO LAS TUNAS

LODGE

In Buenos Aires Province, nestling between two valleys and crossed by clear water streams, “Cerro Las Tunas Lodge” is a fertile, dark soil land, proper for the growing of wheat, oat, corn and sunflower thanks to the particular weather of the humid Argentine Pampa region.

This is an agricultural and stockbreeding farm located in the South-East of Buenos Aires Province, one hour and a half by car from Bahia Blanca Airport. It is located in one of the most remarkable hunting regions in Argentina with excellent big game options.

Hunters from all around the world arrive at our Estancia attracted by the superior quality of our Red Stag, Fallow and Axis deer, Blackbucks, Himalayan Thars, Mouflon sheep, pure breed European wild boars, Wild goats, Wild rams, multi-horned sheep, Blackbuck, and the distinct mountain range geography that makes each hunting experience exceptional and thrilling. In this area, we guarantee top quality trophies with an average score of 350 to 450 SCI pts. The majestic Red Stag is the most demanded trophy in our area and we are proud to say we offer real “Monsters” up to 600 SCI pts.

From this lodge, hunters will also enjoy the pursuit of Big game and Wingshooting each and every day.

In the heart of the Sierras de la Ventana region lies “Cerro Las Tunas Lodge”, peacefully nestled within 70 acres of majestic gardens, with a large in-ground swimming pool, and great pictures views of the distant stunning mountains.

The deluxe accommodations at Cerro Las Tunas are of the highest quality. The private suites and the food, wine and service are exquisite and on a par with famous world class five star hotels. Every aspect of our big game hunting lodge exudes the highest level of comfort and luxury while still maintaining a comfortable, familiar atmosphere.

Recalling the charm of days gone by, the elegant Lodge and its landscaped gardens offer complete privacy and the comfort and luxury of a grand historic homestead.

Relax in the living room or in the library with a cozy fireplace or unwind on the gallery with a glass of wine enjoying the majestic sunsets.

SEASON

Year - round

Thank you so very much for your kindness and graciousness. You really went above and beyond to make sure we were comfortable and happy. We had an amazing time here! We hope to see you again in the future. Much love to you and best of hunting!!!!

Marty and Jolie Edwards
Nebraska. USA

A large flock of birds, likely waterfowl, is captured in flight against a dramatic sky at sunset or sunrise. The birds are silhouetted against the warm, orange and yellow light of the low sun, which creates a strong contrast. The sky transitions from a deep orange near the horizon to a pale, hazy blue at the top. The birds are scattered throughout the frame, with a higher concentration in the upper half. The overall scene conveys a sense of natural beauty and the intensity of a hunt.

We utilize the best equipment to maximize your hunting experience and are constantly striving to improve our methods.

- Buenos Aires -

SAN JUAN LODGE

Three our away from Ezeiza International Airport is “San Juan Lodge” located in a stunning rural setting in the heart of the Duck region of Buenos Aires Province, the Estancia has a great location and a warm and welcoming style, close to Bolivar city.

Hunters may also fly from Buenos Aires (Ezeiza International Airport), directly to the lodge on a private flight or by car. The lodging experience at San Juan Lodge is just as exceptional as the Duck hunting experience. Guests are treated to an array of 5-star amenities and luxuries not normally associated with hunting lodges. From the wine and cuisine to the service and hospitality, San Juan resoundingly exceeds expectations.

The lodge has six spacious double - occupancy bedrooms, each with a private bathroom. There is a maximum capacity of 12 hunters.

We are highly committed to making great strides with innovative permanent dry blinds, species specific decoys, robo ducks, electronic duck calls and other additions to the daily hunts to make for a quality experience and the best waterfowl shooting of your life.

The area around San Juan Lodge supports a wide variety of duck species such as the Red Shoveler, Teal (Silver, Ringed, Speckled, Cinnamon and Brazilian), Yellow Billed and White Cheeked Pintail, Fulvous and White-Faced Whistling Duck, Chilean Widgeon, and the country’s trophy duck, the Rosy Billed Pochard. Although weather, blind location, and water levels determine the makeup of a day’s take, many hunters’ bags consist of 7-11 different species.

We utilize the best equipment to maximize your hunting experience and are constantly striving to improve our methods.

Also available at San Juan Lodge are perdiz shoots over pointing dogs. This upland, Chukar-sized game bird, flushes in singles and pairs and provides a challenging target and is excellent table fare.

Relax and enjoy the peace and quiet of this beautiful environment, or explore the Hunting, fly fishing, or Trekking opportunities.

- Neuquén -

PATAGONIA

LODGE

Patagonia Lodge is a 18.000 acre farm in the Argentinean Patagonia, in Neuquén Province.
A 3 hour vehicle drive separates our Ranch from San Martín de los Andes Airport.

The lodge is located at Alumine district, a place well known among Red Deer Trophy hunters. This is the perfect habitat for Red Stag, which are found free roaming in abundance. With a wonderfully cozy atmosphere Patagonia Lodge offers a comfortable living room with its inviting fireplace as a center piece. The three individual guest rooms at the lodge are spacious and comfortable. Each has a private bath with full amenities. Our Chef prepares local Argentinean cuisine tailored to the tastes of our guests. Venison and lamb, or fresh trout from our rivers, can be enjoyed with a glass of top Malbec Wine. In the morning enjoy homemade scones and fresh bread with a breath-taking view and good coffee.

There are many experiences for the entire family and non hunters you can enjoy at our Lodge. We can tailor an experience to suit your needs and the season. Whether you want to relax and enjoy the peace and quiet of this beautiful environment, or explore the Hunting, fly fishing, or Trekking opportunities.

Red Stag hunting in Patagonia is one the most exciting programs you will ever have. Hunting is carried out on foot in the steppes or on horseback when the method chosen is stalking through the woods surrounding the Andes, one of the most spectacular scenarios in the world. The rutting season is from March to June.

From our lodge, you will also have the opportunity to have the best fly fishing experience. Two Big and famous rivers: Kilka and Alumine rivers go through this property and are home to land-locked salmon, brown and rainbow trout. It is an exclusive catch and release fly-fishing river. Also, the riverbank is lined with trees and shrubs making casting more exciting and rather challenging!

The Patagonia region is undoubtedly one of the best hunting areas. This area requires hunters to be physically fit, as any other hunting area located near the mountains.

SOUTHERN EXPEDITIONS

TRAVEL

Is our tourism division committed to customize wildlife, culture and special interest tours for individuals and small groups to Argentina.

We are fully committed to:

- Contributing to the preservation of Argentina's natural areas and local communities through the economic activity of selective tourism;

- Creating the most exciting ways to know Argentina and getting around;

- Educating our people to care for, enjoy and value the importance of preserving our flora and fauna;

We are prepared to satisfy the demands of travelers with a definitive cultural interest in wildlife and natural history;

We offer:

Tailor made trips for small groups and FITs (Fully Independent Travelers) to traditional and non-traditional destinations. Our range of excellent professional guides around the country allows us to customized trips according to our visitors' preferences and abilities designing high quality programs.

We invite you to discover the different flavors of our country. You will be able to appreciate the flavors that make Argentina famous all around the world: Hunting and Fishing, Wilderness, Estancias, Polo, meat, golf, football, tango, gastronomy and wines, beyond others. Every province has a history to learn. You just need to find yours.

- Adventure -

FISHING TRIPS

SEASON

Argentina is a special destination for fishermen. The best fishing time is during summer, from December to March.

We have two big regions where to find the most exciting fishing rivers. The Patagonia Region is home of the land-locked salmon, brown and rainbow trout and the Litoral region where the Dorado is undoubtedly the King of the rivers.

The Dorado is one of the most exciting gamefish to catch. Its complex feeding regime and migratory nature ensure challenging and rewarding fishing opportunities for both expert and entry-level anglers. Dorado are strong and acrobatic and their pursuit is often more about quality experiences than a numbers game.

Another of the species we target in this area is the Surubí, the Pacú, and the Tararira, great trophies treasured by the Paraná river. We will provide anglers with high quality loaner fishing equipment. In case they want, anglers can bring their own equipment. The season for Dorado fishing it runs from October to April and for trout fishing in Patagonia from November to April.

Experience Argentina at their best and add a few days of fishing to your Big Game or Wingshooting trip. We promise you that we will do your entire trip a unique and exciting adventure.
